

Bring Your Electric Car to the
the Sewickley Electric Vehicle
Event – Saturday, June 5th
9AM–1PM

Sewickley United Methodist Church Parking Lot

337 Broad Street, Sewickley

Sustainable Sewickley is planning an Electric Vehicle event, and we need your help! Please DM us if you are interested in bringing your electric car to this event on 6/5. We will have a few EVs from dealerships like Tesla and Chevrolet, but we are also looking for folks in the community to park their cars and talk to other people about their EV experience. Help us get more electric vehicles on the road in our community!!

Join the Drive Electric Pennsylvania Coalition and the Electric Auto Association is supporting this event.
