[PRCC/Ingevity Absorbed Natural Gas Workshop & Ride-n-Drive \(google.com\)](#)

Ingevity, along with PRCC, Peoples, National Fuel, and NiSource/Columbia Gas, will be hosting group meetings and ride-and-drives displaying the ANG F-250.

Join us to learn more about Absorbed Natural Gas technology, the use of RNG and the benefits it offers to light-duty truck and van fleets!

Additional Information about ANG:

- ANG is a low-pressure, low-cost alternative fuel sources that allows fleets to operate more sustainably and efficiently.
- Other Benefits Include: Minimal fueling appliance costs, on-site fueling, reduction in a fleet's carbon footprint – a path to fleet "net zero"...And much more!
